

CRA-T 02: 2 Days Lake Manyara & Ngorongoro Crater

Highlights: Game Drive, Game and Bird Watching, Lodge Safari, Scenery, Culture, Photography

Day 1: Arusha - Lake Manyara - Ngorongoro

Depart from Arusha in the early morning hours for Lake Manyara National Park about three hours away. After a morning game viewing we stop for lunch at a lodge in Manyara before driving up the Great Rift Valley escarpment and into the Ngorongoro Conservation Area. Arriving in the late afternoon we have dinner and spend the night at a spectacular Lodge.

Lake Manyara National park is serene and beautiful with main attractions of a rich bird life, tree-climbing lions, its elephants, and hippos that you can see at closer range than most other places. Lake Manyara is an alkaline lake and at certain times of the year hosts thousands of flamingos and a diversity of other bird life. Although it is one of the smallest parks, its vegetation is so diverse enabling it to host a variety of wildlife habitats.

Day 2: Ngorongoro - Arusha

After an early breakfast watching the stunning African sun rise over the rim of the crater we depart to descend into the crater for a morning crater tour with picnic lunches. We depart the conservation area as we proceed back to Arusha by early evening to drop you off at your base hotel.

Ngorongoro crater is the world's largest whole volcanic caldera at 8300 sq km and is arguably the most stunning arena. It is frequently described as one of the wonders of the world, not only because of its geological magnificence, but also because it serves as an extraordinary natural sanctuary for some of Africa's largest populations of large mammals.

Price includes:

- Return transport as per the itinerary
- Meals as per the itinerary
- Park entry fees
- Game drives as per the itinerary
- Accommodation on full board basis as per the itinerary
